COVID : Lockdown Support

In these challenging times. Animals are badly affected due to a lack of food availability. Please give food and water to the animals in your community.

FUND goal status

Target: 20,00,000 INR
Received: 1,40,000 INR

FACT About Animals

No reports confirmed so far that animals spread corona to Humans. Take out the myth from your mind and connect with animals freely. Educate your contacts too.

Project ANINV

ANINV product 'SHARPLOCK' 3D modelling prototype is ready. Collecting detailed survey to estimate the cost and features of the first model. In parallel getting ready to launch the product in Aug'21.

Project ECOCONZ

Offering digital/ NGO consultation support to the people who are working on animal welfare projects at free of cost.

MONTHLY Donors

Currently, 28 Monthly Donors supporting my fundraising campaign. Thank you so much for your trust and continuous support in my social journey.

ANIMAL care

- Sterilized and vaccinated 4 dogs.
- Trying to find permanent homes for 5 dogs including a physically challenged dog.
- Feeding 10 to 20 needy animals in the community / around.

FUNDS Distribution

Monthly donations are distributed to the below components

- Animal Feeding & Welfare (60% funds)
- Project Maintenance (25% funds)
- Towards my livelihood (15% funds)
-

MY Livelihood

Continuation - I am shifting to a new house as I need to vacate the existing house for taking care of stray animals around. Owners should consider animal parents.

Every life matters! In these challenging times, let us be more responsible. Step forward in volunteering to feed the needy animals in your community. Feed at least a few animals by taking necessary precautions.
